

CALL FOR ABSTRACTS

POINT ON WAVE APPLICATIONS (POWA) CONFERENCE

UNIVERSITY OF TN CHATTANOOGA, CHATTANOOGA TN
OCTOBER 7 AND OCTOBER 8

The first Point On Wave Applications (POWA) Conference will be held on October 7th and 8th 2025 at the University of Tennessee Chattanooga Wolford Family Athletic Center in Chattanooga, TN. We invite anyone interested in application of Point on Wave data to join Academia, Vendors and Industry in presenting applications and use cases of point in wave data.

Topics of interested include but are not limited to:

- IBR Dynamics and IBR Protection using Point on Wave data
- Analysis of Incipient Faults using Point on Wave data
- Model Estimation
- Cyber-security related Applications
- Stability and Control in Micro-grids
- Analysis and Detection of Geomagnetic Events
- Enhancement of Existing Decision Tools and Processes

Following the conference on October 8th several Vendors of Point On Wave equipment and software will hold tutorials and talk about use of their tools to measure, collect, manage and analyze point on wave data.

The conference will not require a full length paper. Anyone interested in submitting a presentation should prepare an abstract including the details below before June 1st 2025. To submit abstract please send an email with the abstract and information below to cLackner@GridProtectionAlliance.org or tlaghner@lifescaleanalytics.com

Abstract Submission Information:

- (1) Authors name, Affiliation and contact information
- (2) Title of proposed presentation
- (3) Summary of proposed topic (up to ½ page)

For more information please reach out to cLackner@GridProtectionAlliance.org, tlaghner@lifescaleanalytics.com or donald-reising@utc.edu
